

Business and Bank League Make up and Extra Practice Policy

The procedure for scheduling extra or make up practices is as follows:

1. You cannot permanently take a third field time and are allowed only 3 total practice time in a week.
2. You must email in an extra or make-up practice for a specific day on a first come first serve basis - you must email your name and the date and time block you plan to take the opening to all the coaches and Stu Kline (swkline@hskline.com).
3. Email time stamps and dates serve to resolve who has rights to any open time slot for a extra practice.
4. You can only reserve one extra practice at a time – for example please don't send out a note reserving Sunday at 8:00 for the next three weeks. If you want to have three Sunday spots wait you must wait until you finish your first extra practice, check the schedule and then reserve the next week if it's still open (no one has emailed reserving the same time for the next week).
